

ANNUAL C C BANQUET MARCH 8

How government departments may juggle people into jobs without warrant of law is illustrated by a story told in Washington correspondence by Paul Mallon, the noted syndicate writer.

It concerns a lady who had been employed by Associate Justice Black when he was in the Senate, and for whom he sought a new job when he was elevated to the Supreme Court. The Department of Justice was willing to make a place for Black's friend, but the law required that all its staff be in civil service, except attorneys.

The lady was neither in the civil service nor a lawyer, but someone thought up the bright idea of appointing her as a "special attorney," anyway, and assigning her to handling certain veterans' matters in the legal division. When the legality of her employment was questioned, a department official explained that her duties are to look over and correct legal papers prepared by "less well-educated attorneys" in the division, particularly for spelling.

Mr. Mallon says not even the Republicans ever accused the New Deal attorneys of being that inefficient, but he declares the story is true, and a matter of official record.

The Civil Service Commission recently protested against the vast number of new government agencies whose employees are exempt from its rules, and declared that the result is detrimental to the service.

Forty years ago this month events were moving rapidly toward that short but spirited struggle known to history as the Spanish-American War, which freed Cuba, Porto Rico and the Philippines from Spanish misrule.

American feeling was running high because of Spanish atrocities in Cuba, when the battleship Maine was blown up in Havana harbor on February 15, 1898, killing 266 officers and men. On April 11 President McKinley told Congress that in the name of humanity and civilization the war being waged against the Cubans by the Spaniards must stop. On April 19 Congress demanded that Spain withdraw from Cuba, and authorized the use of American land and sea forces to accomplish this result. War officially began on April 21.

Regular Army and National Guard troops were mobilized at Tampa, Mobile and other Southern points; Dewey's fleet was ordered from Hong Kong to destroy the Spanish fleet at Manila; Sampson and Schley prepared to meet Cervera's Spanish fleet which was on its way to West Indian waters from Cape Verde Islands.

The end of April thus saw the stage set for action. On May 1 Dewey easily defeated the Spanish fleet in Manila Bay; on July 1 the main assault on Santiago by Shafter's Army began; on July 3 Cervera's fleet was destroyed while trying to escape from Santiago harbor, and the Spanish land forces at Santiago surrendered to Shafter on July 17. Aside from minor engagements in Porto Rico, the fall of Santiago virtually ended Spain's resistance, hostilities being formally ended by the protocol of August 13.

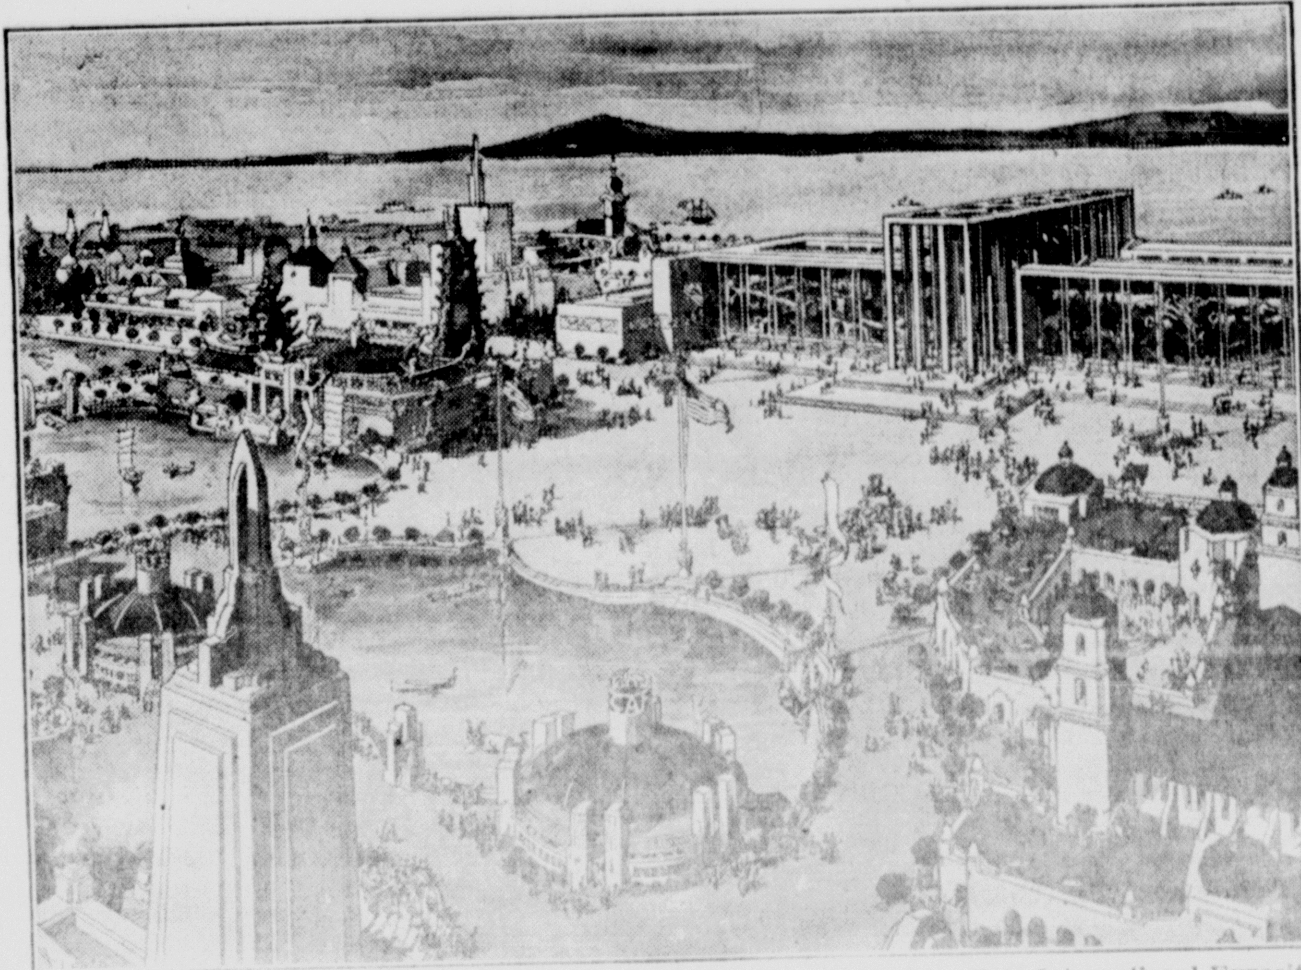

Peace was declared through the Treaty of Paris, signed on December 10, 1898, and later ratified by both nations, whereby Spain acknowledged Cuba's independence, ceded Porto Rico to the United States and received twenty million dollars for the Philippines.

These are the high spots in a brief but dramatic war which had far-reaching consequences for many millions of people.

After observing feminine pulchritude in many parts of the world, Dr. Earl H. Bell, anthropologist at the University of Nebraska, comes to the not very original conclusion that American women are the most beautiful of all. He says the great mass of our girls, from the humblest to the socialite class, are much more

Three Face Cattle Theft Charge Here

Sheriff Kennedy will move for indictment of two white men and a negro for cattle theft when the grand jury convenes for the March term, he said Wednesday.

The men are: Carl Wiese, foreman of the Fagan farm near Cross Roads; Herman Patsky, farmer and Levi Watkins, negro farm hand working under Wiese on the Fagan plantation.

Both white men are out under \$500 bond and the negro has been released under \$1000 bond. The cattle were stolen and then returned to the owner, Spencer Cross at Cross Roads.

Sheriff Kennedy was able through some able detective work, several nights spent in search and waiting, to bring the case down to the three men whom he arrested. On Thursday February 17th while other officers

were gunning for the bandit, W. E. Garner, the sheriff was working on the cattle theft case and did not know of the capture at Buckholts until he returned after 4 o'clock and found his city crowded with officers.

Mr. Cross reported the theft to the Sheriff who with Constable B. F. Bailey, took up the trail. The theft was discovered when Mr. Cross discovered a yearling with a new rope around its neck at his pens. The cattle were run into a trap and then driven into a trailer. The yearling got away, said the Sheriff. Car tracks and horse tracks were followed. The Sheriff said two cars were at the trap. A day or so after the theft was reported the cattle were driven back to the Cross pasture, said the Sheriff.

B. F. BAILEY SEEKING RE-ELECTION HERE

B. F. Bailey, Constable for Precinct No. 1 is a candidate for re-election to that office effective with the Primary election to be held on Saturday July 23rd.

In making his announcement for re-election Mr. Bailey was not unmindful of the privilege that has been his to serve in this office and in asking for another term submits his record of service to the people which he believes has kept faithful all pledges made to the people when they elected him to the place.

As Constable for this Precinct Mr. Bailey has co-operated in every way with the Justice Court, County and District Courts, and with all the officers in an effort to live up to his oath and the pledge he made to the people.

Mr. Bailey is too well known to the people, he said, to ask for a special introduction. Prior to serving in the office of Constable, he was in business in Cameron. He has lived

War Veteran Who Invested Bonus In Cows Is Realizing Good Profits

J. W. Clements, world war veteran, living in the Marlow community, invested his bonus in Jersey milk cows. That was in 1936. His herd numbered exactly one cow. He now has 24 head of well bred dairy cows and a registered male.

With his bonus Mr. Clements bought 12 cows. He has been able to build his herd to double the number he had after he invested his government money from war service across the waters.

"I think I have done pretty well," said Mr. Clements, "just to have one" (Turn to page 10)

Daily Quits After 7 Months; One of Number to Die

A small daily newspaper published by the Cameron Enterprise for the past 7 months, has been discontinued. Lack of advertising patronage caused suspension of Cameron's third newspaper.

The publication was launched in August 1937. During past years other publications have met the same fate. Newspaper experience has weighed heavily against publication of daily newspapers in the smaller towns. Milam county's population is 70 per cent rural and the financial requirements to give the public a meritorious daily are too great, experience has shown. The years have taken a heavy toll of spasmodic efforts to succeed with daily publications.

W. A. (BILL) MORRISON ANNOUNCES AGAIN FOR DISTRICT ATTORNEY

Mr. Morrison, in making his formal announcement for this office issued the following statement:

"As most of the voters of Milam County will remember I have twice before been a candidate for the office of District Attorney. I was a candidate before the Executive Committee of this County in the Fall of 1934 on which occasion I was defeated by a majority of thirteen votes.

In the summer of 1936 I was a candidate for this same office at the regular primary election where I was again defeated by a majority of ten votes out of approximately seven thousand polled.

The papers of last week carry an announcement by Emory B. Camp, in which he states that he will not longer seek to hold this office.

I am now asking the people of Milam County to reward me with the office which I have so long and diligently sought. I am hoping that I will be fortunate enough to make this campaign without an opponent, but in the event that I am not I here now earnestly solicit the support and help of each voter of this County.

If I am elected I pledge myself to administer the criminal laws of Texas in a fair and impartial manner according to the dictates of my own conscience, and in conformity with my best judgment."

Sunday Film Here Is Myrna Loy's Big Success 'Man Proof'

Myrna Loy, recently voted the most popular actress in American films, comes to Cameron screen Sunday in "Man-Proof," surrounded by a stellar cast which includes such well-known personalities as Franchot Tone, Rosalind Russell and Walter Pidgeon.

In the new picture, based on a novel by Fanny Heaslip Len, Miss Loy makes a striking departure from her familiar role of the "perfect wife" to play an ultra-modern girl who overrides old-fashioned conventions in her pursuit of the man she loves.

The plot, in brief describes Miss Loy as a newspaper artist in love with a social climber, Walter Pidgeon. (Turn to page 3)

Mae West Comes
To Cameron Screen
In "Every Day's a
Holiday" March 3-4

Mae West in any role is enough to cause a man-sized riot. But when the dazzling belle of the nineties appears as a Bowery beauty and "the toast of Gay Paree" in the same picture it should bring on a stampede of international proportions.

In "Every Day's a Holiday," which opens Thursday at the Cameron Theatre, Mae plays the part of a wise-cracking New York cabaret singer in the best West tradition as well as that of a French mademoiselle with enough oo-la-la to make the franc fall.

The story, straight from the pen of Miss West herself, contains all the bubbling good humor and hard-hitting satire that made her first great picture, "She Done Him Wrong," the hit it was. It takes place in New York at the turn of the century and concerns an entertainer, played of course by Mae, whose habit of selling the Brooklyn Bridge to unwary customers make her the main worry of the city's police force.

Although the commissioner is out for her scalp, she continually escapes arrest through the efforts of the captain of detectives, Edmund Lowe, who is willing to concentrate on the brighter side of her character. When an obliging sugar daddy, Charles Winninger, offers to back her new show she keeps out of the hands of the police by leaving town and coming back as Mademoiselle Fifi.

Just as she has New York at her feet, the commissioner, a stealthily and crooked politician played by Lloyd Nolan, penetrates her disguise and threatens to close the show. To complete his grasp on the city he runs for mayor, but Mae foils him by running her own candidate, Edmund Lowe, against him with the backing of Winninger's better government league. After a carnival campaign put on by Mae, with a rousing three-ring circus in front of Madison Square Garden, Lowe sweeps the city and wins the election by a landslide vote.

Particularly worthy of note is the music in this production—all of it real hits. Miss West herself sings "Fifi" in her own inimitable fashion you'll soon be singing or whistling it yourself. Then there's "Flutter By, Little Butterfly," "Jubilee" and

"Every Day's a Holiday."

A. Edward Sutherland, the director, has achieved an amazing reproduction of the New York of 1900 in "Every Day's a Holiday." The enormous bustles, the leg-of-mutton sleeves, the hansom cabs, the gaudy bar-rooms, form the ideal setting for Mae's peculiar type of breezy comedy. In the supporting cast Charles Butterworth, Walter Catlett, Herman Bing and Chester Conklin enter enthusiastically into the spirit of the piece. In addition, there is a gay specialty number by Louis Armstrong. It was produced by Emanuel Cohen.

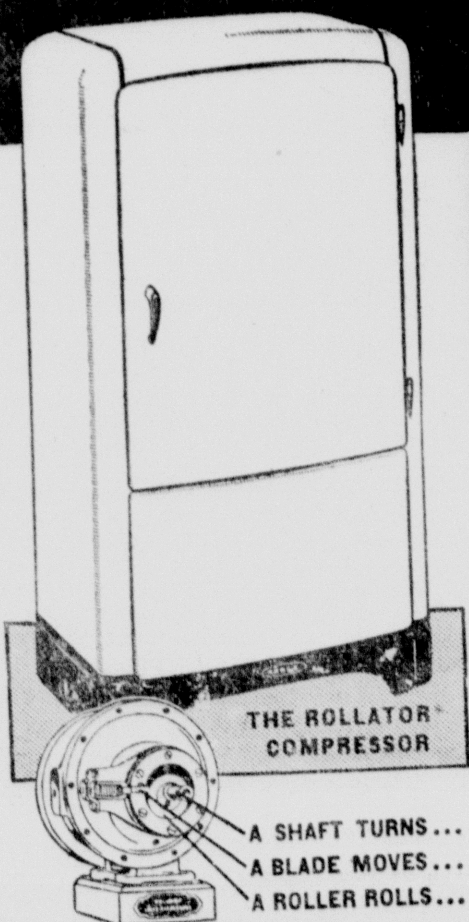

Veda Ann Borg and
Dick Foran Make
New Cast Sensation
In Saturday Film

Veda Ann Borg has a complaint to make against Hollywood. And Warner Bros. in particular. Veda loves to wear clothes. She should, because she wears them beautifully.

But Warner ros. haven't given her a role where she can step out and do a Kay Francis with a display of gowns to make her the envy of the shopgirl.

It was only a few years ago that Miss Borg was modeling in an exclusive dress shop in Boston. The Roosevelts, the Cabots and the Lodges gasped admiringly when she came mince-stepping in wearing the latest creation from Paris.

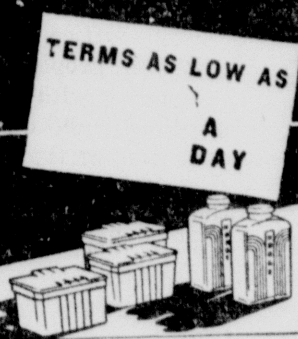

When she came to Hollywood, she eagerly awaited the chance to wear the beautiful gowns that Hollywood is noted for providing its actresses with. But fate or something must have been working against her. She received good roles for a new player,

but never the opportunity to blossom forth with a tricky ensemble.

In "Men in Exile" she played a gangster's wife. And to make matters worse, the setting of the film was on a South Sea Isle. So the chance to strut her stuff in the film never came.

"San Quentin" was next, and in that she played a convict's moll. Another chance gone. She played a nurse in "Marry the Girl" and although she looked most attractive in her neat, white costume, they didn't even let her wear a single frock in it.

She almost had a chance in "Confession" in which she wore an evening gown—but the period of the sequence of the film she was in was 1915. The gown was dated. In "It's Love I'm After" she played a maid—a very pretty, well-dressed maid. But a maid.

Her latest film is "She Loved a Fireman," which opens next Saturday at the Cameron Theatre. She's a flame-fighter's gal in this one—and tough. This won't be one in which she'll startle femme audiences with her clothes, either.

When you read it in The Herald you can understand what it's about.

FARM CLUB NEWS

Mrs. J. A. McKinney, Jones Prairie Home Dem. Club, Cameron, Texas, R. 2.

Are cooking and dishwashing drudgery? Nay, when a beautiful scene from the kitchen window meets your gaze, the members of the Jones Prairie Home Demonstration Club were told by Mrs. T. B. Stidham at the home of Miss Ethel McKinney February 22, 1938.

In a round-table discussion of "Attractive Views from the Kitchen Window," it was decided that the first necessary step is to plant a screen planting for the purpose of hiding unsightly views usually found in the back area. This scene may be further beautified by attractive fences, trellises, bird bath, flagstone walks, rose gardens, vines, seats, shrubs such as photinia, japonica, laurels, firethorns and native plants to be found in our sections.

Co-operation is the means of accomplishing this transformation at a minimum cost. But members can give a plant or two or perhaps a helpful suggestion.

Aside from your own personal pleasure derived from surroundings

is the influence exerted on the children in the home. Not only does it give them a taste for the aesthetic but it has its influence in the moulding of character.

Mrs. E. B. Yager acted as chairman at a short business session in the absence of the president, Mrs. T. F. Cloud.

Those in attendance were Mesdames E. B. Yager, A. H. Patzke, S. S. Hickman, T. B. Stidham, S. M. Marrell, Lee Marek, A. L. Burnett, J. A. McKinney and Miss Ethel McKinney. One visitor, Miss Evelyn Harrell.

Mrs. A. H. Patzke will be hostess to the club on March 14. The subject for discussion will be "Kitchen Backgrounds."

Mrs. Beuna Chambers, Bryant Station Home Dem Club, Rogers, Texas, R. 2.

"Do you have those kitchen blues? Maybe it's the dreary outlook from your kitchen window that is depressing you. If so now is the time to plan to do something about it." Miss Cleo Neal told the Bryant Station Club which met on Thursday, February 24, with Mrs. H. T. Berger, hostess. "We should plan our back yard planting so as to make an attractive view all year," Miss Neal also said.

Miss Nellie Blackstock taking up the discussion of ways and means suggested grass, a tree or two and perhaps laying the walk more attractively if the simplest of treatments is desired. Castor beans, sunflowers and morning glories for screening and easily grown summer flowers for color if only quick growing plants could be managed; or an out door living room with bird baths or a pool if more lasting and elaborate plans could be carried out.

Mrs. Bartow McNulty, emphasizing the greater need of cheer during the winter, insisted that evergreens and shrubs having colorful berries and bright early blooms be used—Native plants if little money can be spent—being sure to include something with grey foliage to bring out the greens, berries and blooms to better advantages.

Helps in planning may be obtained from Miss Dorothy Porter, County Home Demonstration Agent or persons who have studied yard work in the past, especially the yard demonstrations.

Following a business meeting presided over by Mrs. C. L. Lively, club president, a social hour was held at

which time Mrs. Berger served a refreshment plate of turkey sandwiches, a gelatine fruit salad, cookies and iced punch. As a reminder of the Washington's birthday season, plate favors were red hatchets held by marshall "blocks." Ten members were present to enjoy this festive occasion.

The next meeting will be with Mrs. G. R. Blackstock, kitchen demonstrator, on March 10th. Miss Dorothy Porter will be present to discuss "Kitchen Backgrounds." All members are urged to be present and visitors are always cordially welcome. Mrs. Bob Ryan.

Hugh Herbert Gets Spotlight in Preview Film Here Saturday

Every once in a while some makers of movies throw away all the elements of common sense, dignity, reasonableness and decorum, and turn out a picture which is the world's daffiest comedy.

The film is a Preview feature at the Cameron Theatre Saturday.

Just exactly that occasion came along when the Warner Bros. decided they would make "Sh! The Octopus" and put Hugh Herbert and Allen Jenkins into the leading roles. The result is a mystery-farce without any sense whatever, which opens Saturday at Cameron Theatre. No sense, but a great deal of fun, according to the pre-viewers.

Hugh and Allen are a detective team—and the world's very dumbest. In their radio car they hear an alarm that all policemen are called upon to seek the capture of an "Octopus of Crime" which has the city in its grip. The trail leads to an abandoned

lighthouse three miles offshore. A real octopus turns up. Every once in a while, a tentacle snakes out of a crevice in the wall and wraps itself around one or the other of the dumb dicks. There are roars of thunder and bursts of lightning. There are screams of women. Occasionally, a corpse is found.

In the ending Hughie and Allen find out what it is about—but it would be unfair to audiences at the Cameron Theatre to reveal the solution of the mystery.

William McGann, whose most recent successes were "Penrod and Sam," and "Alcatraz Island," directed "Sh! The Octopus" from a screen play by George Bricker, based upon a successful Broadway stage production by Ralph Murphy and Donald Gallagher.

Feminine interest in this current mystery-farce is carried by Marcia Ralston, Margaret Irving and Elspeth Dudgeon. The show will amuse and interest all hands.

Bob Steele Guns 'Em Down in Milam Film Here Saturday

Whenever the western stars ride, there's always an enthusiastic and appreciative audience to cheer them on, and when the star is as outstanding as Bob Steele, and the picture as excellent as Republic's "Arizona Gunfighter," the audience reacts.

Milam Theatre features the film Friday and Saturday.

Steele, ever the chivalrous he-man, kills a man for the ruthless murder of his father. Wounded and lost in the Bad Lands, he is rescued by Wolf Whitson, leader of the notorious

Jackpine Mountain outlaws, and nursed back to health. Wolf reforms and disbands his outlaw gang, making them each swear never to ride the outlaw trails again. He gives Steele a ranch, and then rides away, disappearing apparently into thin air.

In time the Jackpine gang becomes again active, and Steele is shocked because his friend and benefactor has turned back to outlaw ways again. He is obliged to join a posse to search for the bandits. In a round about way he learns that Wolf is not connected with this gang, but is instead in the State Prison, serving time for the murder Steele committed. Touched by Wolf's sacrifice, Colt persuades the governor to grant him a temporary reprieve while he goes out to apprehend his former gang, which has double crossed him. From this point of the plot moves fast and furious, leading up to a crashing climax.

MRS. E. PFARRDRESCHER IS BURIED IN CAMERON

Mrs. Emma Pfarrdrescher, 79 years and 7 months of age, died in the home of her daughter Mrs. Effie Miller in Cameron on Friday night Feb. 25, 1938. She had been ill a short time.

Mrs. Pfarrdrescher was a native of Germany and if she had lived until September she would have been 80 years of age. She was born in 1857 and came to America when a small child. Her husband the late George Pfarrdrescher was also a native of Germany and came to America in 1850. Rev. J. Coy Williams who conducted the funeral services, paid a tribute to the couple who came to this country so long ago, made good citizens and lived to rear a large family.

Funeral services were held from the residence of Mrs. Miller with interment in Oak Hill Cemetery, the Green Funeral Home directing arrangements. During her last years she had made her home with a daughter, Mrs. Effie Miller who cared for her. Deceased is survived by five children as follows: Mrs. Effie Miller, Mrs. J. M. James, E. J. Pfarrdrescher, Mrs. Ada Luce and Mrs. Mary Robinson.

Three brothers survive as follows: Ben Boedeker and Herman Boedeker of Cameron and Emil Boedeker of Stamford. A sister Mrs. Kutzman also lives in Cameron with Mrs. F. G. Blake, niece of deceased. Mrs. Scillas another sister lives in Lott.

Pall bearers were five grand sons and one nephew as follows: George Miller, B. L. Miller, Joe Miller, Wilbur Luce and Joe Miertschin, grand sons; Hugo Boedeker, nephew.

MRS. A. S. EPPERSON IS BURIED IN CAMERON

Funeral services for Mrs. A. S. Epperson were held from the family residence Friday afternoon, Feb. 25, 1938, at 3 o'clock with Rev. J. Coy Williams of the First Methodist church, delivering the funeral sermon.

Mrs. Epperson, ill for more than two months from paralysis, had at times improved slightly, but her condition grew suddenly more grave on Wednesday. She passed away Thursday morning, February 25, 1938 with members of her family at her bed side.

She was the wife of Dr. A. S. Epperson, a leading pioneer physician of Cameron.

Mrs. Epperson was born in Washington County, where she married Dr. A. S. Epperson, a young physician who was to go high in his profession. During the first eight years of their married life they lived in Burton. Dr. and Mrs. Epperson moved to Cameron more than 30 years ago where they lived to rear a family of children. Both have been ardent members of the Methodist church and both had found a large place of service in the community. For years Dr. Epperson was president of the Cameron School Board.

Interment was made in Oak Hill Cemetery with the Leland Green Funeral Home directing arrangements. Many came to pay a tribute and the flowers expressing tender remembrances for her, were many and colorful.

Mrs. Epperson is survived by her husband, Dr. A. S. Epperson, and five sons as follows: Roy Epperson of Fort Worth; A. T. Epperson of Palestine; L. J. Epperson of Freeport; Stuart Epperson, with a major oil company and Bentley Epperson, Cameron.

Miss Lorena Lenhart of Cameron spent Sunday with Mr. and Mrs. Herman Michalka at Splawn. She enjoyed the visit and a fine time.

In Memorium

(A Tribute to Mrs. Sam Clark)
Our Sister Bee

Bee was born on January 13, 1885, and died February 10, 1938.

She was married to Sam Clark and to them were born six children. Five of their children preceded the mother in death. One surviving daughter, Mrs. Ford Caperton.

Our precious sister went out to meet her Lord with a bright and shining face. Although the way seems dark and lonely for us, we thank God for the knowledge it will not be long until we will be with her where there are no more farewells.

She was a member of the Baptist church, uniting in her early young days, at the age of 15. She united with the church at Yarrellton and her membership was in that church at the time of her death. She was a true and faithful member, always ready to go and to be of any service she could render her Lord and humanity.

She has gone to that Heavenly home. Heaven is a Holy Place, filled with glory and with grace. Bee is only asleep—sleeping in the arms of Jesus.

A Sister.

Rev. N. H. Melbert, Presiding Elder of the Marlin District will preach at 11 o'clock, next Sunday, March 6.

The Young People of Rockdale Methodist Church will have charge of the evening service and will present a program called the "Evangel" which is a message calling for disciples of the cross.

The Wednesday evening service at 7:30 will be a workers conference in preparation for the protracted series of meetings which will begin Sunday March 13, and continue through Sunday March 29.

During this week the class in adult training is meeting each evening under the direction of Mrs. B. C. Nettles, District Director of the Marlin District. These discussions pertain to the place of the adult in the church, his responsibility and opportunity, his ability to learn and to be able to meet changes as they come. Adult need no longer say, "I cannot because I did not learn when I was young." There are many things which adults can grasp even more readily than the youth can. "As go the adults so goes the world." Children grow as they are directed by adults.

Yellow candles in crystal candle holders and a bouquet of yellow rose buds centered on a circular reflector made the dining table a beautiful spectacle. The guests were seated in groups of four at small tables, each table being centered with a yellow candle.

At the conclusion of a delicious repast, a beautifully decorated heart shaped cake bearing one candle, which represented the local chapters first anniversary, was cut by the following: Misses Pauline Starnes, Dell Horstmann; Mesdames W. G. Gillis, John Sapp, Fred Reno, W. R. Newton, Jr., W. C. Wiese and hostesses. Guests for the evening were Miss Edwardine Lovick and Mrs. Edwin Day.

CARDUI

In this modern time something wonderfully worth while can be done for practically every woman who suffers from functional pains of menstruation. Certain cases can be relieved by taking Cardui. Others may need a physician's treatment.

Cardui has two widely demonstrated uses: (1) To ease the immediate pain and nervousness of the monthly period; and (2) to aid in building up the whole system by helping women to get more strength from their food.

Caldwell County Support For John Wood; Running For Rail Commissioner

John Wood, candidate for railroad commissioner was a recent visitor in Lockhart. For the past six years, he has been a member of the Texas highway commission. His home is Timpson, Texas, and he is 54 years of age. People of Caldwell County who have had business with the highway commission are impressed with the fairness of John Wood. He will have powerful support in this county for the office he seeks. He was appointed a member of the highway commission by Governor Miriam A. Ferguson. An unfriendly senate investigated to the last detail every appointee submitted by the governor. The Post-Register was impressed with the showing of John Wood in that ordeal. Not only in the senate, but throughout the State of Texas was heard at that time the expression "John Wood is a good man." He has many friends in this county. —Editorial in Lockhart Post-Register, February 3, 1938.

because telephone management said... "OUR JOB IS TO MAKE SERVICE FASTER"

The men who head the telephone company have always believed even good service can be better. Their aim, like that of every other telephone worker, has been better and better service at low cost to the user. One result is that today you can call distant cities as quickly, as easily, as you telephone across the street. A few years ago it took seven minutes (average) to make a long distance connection. Today the average time is 96 seconds!

"To get the best income from our flock of chickens, they must have proper food from the beginning and adequate housing space allowing 2 1-2 feet per fowl," says Miss Dorothy Porter, Home Demonstration Agent, to the Sandy Creek Home Demonstration Club, at the church, February 25th.

Miss Porter states we should study the contents that are in the feed we buy to see if it furnishes the right things for our chickens. We can tell by looking on the tags of each sack of feed, what it contains. Miss Porter says we can substitute skimmed milk for mash, allowing one gallon per 25 hens.

There were 10 members present. Our next meeting will be March 11. Visitors are always welcome.

C. V. Terrell Seeks Re-Election to Railroad Commission

In announcing my candidacy for re-election as a member of the Railroad Commission of Texas, I do so with profound appreciation of the trust reposed in me heretofore by the people of my native State.

True to my promises in the past, I have faithfully discharged the duties of an important public office; and due to intensive training and experience I have qualified myself to pass upon matters coming before the Railroad Commission—a department which constantly faces complex problems vitally affecting every citizen of our Commonwealth.

The jurisdiction of the Railroad Commission embraces the supervision of railroads, trucks, busses, express companies, dock companies, gas utilities, pipe lines and the administration of the conservation laws of this State dealing with the production of oil and gas; investments totalling more than three billion dollars.

The Commission has caused the rates on cotton to be reduced in some instances from \$4 to \$1.25 per bale, resulting in a saving to the cotton farmers and people of the State of several million dollars annually. Through its action the rates on grain are lower than they otherwise would have been and the grain farmers of Texas have thereby been saved, and are being saved, in excess of two million dollars annually. Because of the action of the Commission the rates on stocker-cattle are 15 per cent lower than they would have been, which saving has accrued to the cattlemen of our State.

An order of the Commission directing a reduction of the gas rates to the City of Laredo, by which the consumer will be saved more than 25 per cent was recently sustained by Supreme Court of the United States. Since I have been a member of the Commission no order of the Commission fixing gas rates has ever been stricken down by the Courts.

The Railroad Commissioner's policy of oil and gas conservation has yielded to the permanent public

school fund, the University of Texas and A & M College more than forty million dollars, the benefits of which will extend to coming generations.

Standing upon my record in these and many other achievements of the Commission, I ask with confidence my re-election to this highly responsible office; and I pledge a continuation of my best efforts for the public welfare.

A faithful performance of public service in the past is the best guarantee of like service in the future.

Unique among human organizations is the Edinburgh Astronomical Society, which does not know how to spend the \$175,000 left it by the will of a former member. The society has no paid officers, occupies only one rented room for keeping a bookcase of astronomical works so its expenses are negligible.

Manley J. Owen of Birmingham, a jobless carpenter, received the first unemployment check issued in Alabama. It was for \$15, and employees of the State Compensation Commission bought it from Owen at a premium for framing.

For a lovely, radiant
skin here's a simple
Beauty Recipe that works

When your skin is kept clean with warm water and a gentle, pure soap it is well fortified, so authorities tell us, against blemish infections, coarse pores, oiliness, sallow color and aging dryness. Being in the gas business, we know little about soap but lots about hot water.

For a hot water system that works just as satisfactorily as this beauty recipe there's nothing like a modern automatic gas heater. It supplies hot water the moment you want it at exactly the right temperature without any attention on your part. And it has a capacity to supply any amount whether hot water is wanted for a facial or a big spring house-cleaning job. Why not step-up your hot water service with one of these modern gas-operated automatics?

• Rock-bottom down payment, easy monthly terms and trade-in allowance are available on newest automatic water heaters now. Investigate and see how little money it takes to have the finest hot water service.

attractive than those of foreign countries.

Dr. Bell is impressed especially with the way in which older American women retain their charm in comparison with European women. He does not rate French women so highly, and says that while occasionally one is found who is beautiful, the majority are not.

He made one statement as a result of his investigations, however, which may not be entirely pleasing to his countrywomen, and that is that they have big feet. He says a survey made at Vassar and other girls' colleges disclosed that "the modern girl wears shoes at least two size larger

cow when I started and now have 24 of as good cows as there may be found anywhere around. During the build up of the herd I sold about 15 calves at around \$7.50 each and kept six well bred milkers to add to my herd. Out of the operation of my herd and milk business I have also bought a registered male. I am partial to the Jersey and find that they are bringing me good returns."

Mr. Clements sells his milk to the plant of the Kraft-Phenix Cheese Corporation in Cameron and is a strong booster for the milk program. He believes it will eventually bring much wealth to the county. He estimates his cows are now worth about \$2500. Mr. Clements leases his place and has about 40 acres in cultivation and about 150 acres in pasture. The lease on the place costs him \$1 per acre. He is raising some bermuda and clover. The cows are grossing about \$100 per month.

"I estimate that I make more money off my cows than I could possibly earn from 75 acres of cotton. I should know because I farmed good black land in the Yarrellton country for a number of years."

Mr. and Mrs. Clements have three girls and one boy. They are one among a large number of families who are finding milk production profitable and appreciate the market maintained here by the Kraft-Phenix Cheese Corporation.

people well, to enforce the laws and to deal kindly and considerate with all the people.

Mr. Harwell has never asked for a public office. He feels that his training, acquaintance and understanding of the duties of the office equip him well for the place. He understands the requirements and feels that he can measure up to the responsibilities in every way. He is young enough to be active and old enough to have good judgment.

In making his campaign Mr. Harwell hopes to be able to see and talk with each voter about his race. His pledge is one of loyalty to the people and to law enforcement. He believes that an officer of the law should feel at all times that his time belongs to the people and would consider it a privilege to serve them.

Mr. Harwell asks his friends over the precinct to support his candidacy. He pledges the people in advance that if elected he will pay back in faithful, effective and efficient service, full returns on the confidence invested in his selection for the place of Constable of Precinct No. 1.

here for more than 20 years. Friends in all sections of the Precinct will be glad to know that he has announced for re-election. He hopes to be able to make an active canvas for the office but in the event his duties require him to spend all his time at work, he takes this method of extending to one and all a cordial good wish and at the same time asks for your vote and support.

Mr. Bailey feels that his experience in the office enables him to render better service as Constable and pledges that in the future, if re-elected he will follow his well known course of courteous and faithful service to all the people trusting that his candidacy for re-election may find general favor with the voters on Primary election day Saturday, July 23rd.

Mr. Bailey asks the co-operation of his friends in the campaign and will greatly appreciate their vote and support.

MRS. H. H. HARTSFIELD DIES IN CAMERON

Mrs. H. H. Hartsfield died in a local hospital Monday, February 28, 1938, after a week of illness. Death resulted from appendicitis and complications ensuing from prolonged attacks. Surgeons operated to save her life but lost the desperate battle to overcome the great odds.

Mrs. Hartsfield will be remembered as Cameron as a former resident. She was born and reared in the Maysfield community and lived there up to the time of her death. Mr. and Mrs. Hartsfield own a farm, part of the old Mays homestead. Deceased was Miss Mays before her marriage some years ago to Mr. Hartsfield.

The surviving husband is a well known Milam county citizen and at

one time served office as deputy in the sheriff's office.

When news came of the death of Mrs. Hartsfield universal sorrow was felt by the people here. She was a sister of Mrs. J. H. Sapp in Cameron and a sister of Mrs. Harry Bozeman of Lubbock. Another surviving relative is Mrs. Homer Peel, a niece.

Funeral services were held Tuesday from the Maysfield Presbyterian church of which she was a member.

Rev. Henry Bailey of Maysfield and Rev. Vernon G. Miles of Cameron conducted the services. The Leland Green Funeral home directed funeral arrangements.

William Perry, 76, of Audubon, Ia., hasn't uttered a voluntary word since his girl left him at the altar for another man 50 years ago. He wears his wedding suit to church every Sunday.
